# EVOLUTION IS BACK.

**YAKTRAX®**

Recent sightings confirm isolated bands of humans still surviving winter conditions with little or no ice and snow traction. Clearly an endangered species. At Yaktrax, we've evolved a range of dependable ice traction tools to fit every survival strategy. [Yaktrax.com](http://Yaktrax.com)

# release motivation

Up at 5:30, an energy bar, a handful of trail mix, maybe a quick cup of coffee and she's off. Taking that first stride is never easy. But with *drirelease*®, it can at least be comfortable and stylish. Whether it's keeping her feet cooler and drier or preventing odors caused by bacteria from clinging to her athleticwear, our patented technologies are always running, too — mile after glorious mile.

For the world's best-known performance apparel brands, the patented technology of *drirelease* is much more than an ingredient. We are a global solution provider that brings engineering, leading research & development, fresh insights, practical know-how and global supply chain expertise to achieve far-reaching solutions. Exhibiting the look and feel of natural fibers, *drirelease* fabrics deliver long-lasting performance without compromising comfort or fashion. **release performance**

**ODOR CONTROL**  
FreshGuard® prevents odors by mitigating the development of foul smells from microorganisms so odors do not cling to *drirelease* fabrics.

FAT or SLIM INSOLES • MSRP \$46.95

## TRACTION BEGINS ON THE INSIDE

Traction on slippery surfaces begins with a proper foot strike. Icebug insoles use a patented dynamic support system to absorb shock, return energy, support all three arches, and allow natural sure-footed motion. Choose FAT for extra cushioning or SLIM when you want to feel the ground. Each is available in three foot shapes for the perfect fit. Find the best in traction footwear at [icebug.com/us](http://icebug.com/us).

# PLAY NICE

Our mission is to empower generations to enjoy the outdoors responsibly through education and stewardship. So join us. Avoid fragile shorelines. Dispose of fishing line properly. Be courteous to others in the water. For more ways to minimize your impact while fishing, go to [www.treadlightly.org](http://www.treadlightly.org) or call 1-800-966-9900.

# Made from nature to stand up to the elements.

Introducing Teflon EcoElite™. The first renewably sourced, durable water repellent finish. It's up to three times more durable than existing non-fluorinated repellents and delivers peak performance on cottons, synthetics and blends. To protect your performance fabrics, turn to the finish that's sourced from nature.
